

Partnering with Yooralla's Business Enterprises

Yooralla's Supported Employment program creates meaningful work opportunities through our Business Enterprises – and we would love to partner with your company!

Yooralla's Business Enterprises provide a range of opportunities for Victorians with disability to work in paid employment and to develop new skills, build social networks and be a part of the wider community. Improving access to jobs and equality in the workplace is one of our highest priorities.

With four Business Enterprise sites across Victoria—Metro Melbourne, Shepparton/ Mooroopna and the Hume Region — our factories are equipped with up to date packing machinery, material handling equipment and on-site warehouse facilities.

Our Business Enterprises provide:

- trained and productive staff
- a safe and compliant working environment, and
- efficient operations.

We support our employees to obtain Certificate I in Transition to Work and Certificate II in Warehousing.

What we can offer for companies

Some of our services include:

- a diverse range of co-packing and light manufacturing tasks
- warehouse operations
- third-party warehousing and logistics
- garden and property care
- and more – get in touch with us to let us know what services you need!

We want to partner with you!

To discuss how Yooralla Business Enterprises can support your company, please contact Garry Baker on 0413 358 358 or yooralla@yooralla.com.au.

Our partnerships

Yooralla Business Enterprises has long-standing partnerships with many companies in the local areas in which we operate. Some of our partnerships include:

- V/Line
- Campbells Soup
- Schneider Electric
- SPC
- Unilever
- Zenith Masks.

Yooralla's Business Enterprises – what we do

Footscray Business Enterprise

Production Capability

YBE Footscray operates a HACCP certified Clean Room for food packing and handling. This is ideal for food products such as seasoning, salts and lentils. We have a large warehouse for third-party logistics, capability for multiple componentry assembly work and are set up for inflation of sports balls. We also pack TGA approved face masks. Located close to the Royal Melbourne Showgrounds and the Melbourne Ports.

Mooroopna Business Enterprise

Production Capability

YBE Mooroopna is a well-appointed site, which has been doing business with **Pental Products** (packing work) for over 20 years. In addition, we pack out soup products for Campbell Soups for on selling to Aldi. We have short term co-packing contracts with **SPC** and **Unilever** involving quality checking product and value adding stickers/ labels for promotional items.

Seymour Business Enterprise

Production Capability

Yooralla Business Enterprise (YBE) Seymour has capabilities for timber manufacturing on a large scale and we are a primary supplier of garden stakes and survey pegs. We are also contracted to provide garden and property care services for **V/Line**.

Benalla Business Enterprise

Production Capability

YBE Benalla has been in partnership with **Schneider-Electric** for over 20 years. We manufacture many components which are integral to the overall compliance and performance of Schneider's electrical transformer units. We also provide contract services to Ryan and McNulty in the packing of kindling, which is then distributed to retail outlets, as well as supporting regional organic mushroom producers.
